Members noted that the following premises licence application had been **lodged** with MSDC:

<b>Application No. &amp; Applicant</b>	<b>Application Type</b>	<b>Premises Address</b>	<b>Nature of Application/Variation</b>
LI/20/0086  Mr Erol Yuzey	Premises	Zeytin Café-Restaurant 112 South Road HAYWARDS HEATH RH16 4JY	New premises licence

**119. Comments and Observations on Planning Applications**

Members made comments and observations on 24 planning applications as per Appendix 1 attached.

**120. MSDC Consultation on the Release of Section 106 (s106) Monies for a Grant to Haywards Heath Cricket Club**

Members had before them a report giving details of the Club's application to MSDC for a Facility Grant of £12,000 to fund a project involving the removal of an old shed and the construction of a new 4m<sup>2</sup>, 2.5m high, secure equipment store at the north-western corner of Clair Park. Planning permission for the store had been granted by MSDC on 29 March 2019 under application number DM/18/4994.

MSDC's Community Facilities Project Officer had advised that a contribution of £9,947.89 towards the project could be made by the release of 'Formal Sport' s106 contributions from the following two developments in Haywards Heath:

<b>Location</b>	<b>Application No.</b>	<b>Amount</b>
The Oaks, Paddockhall Road	14/01335/FUL	£7,851.33
Land at Penland Farm	DM/16/1803	£2,096.56
	<b>Total</b>	<b>£9,947.89</b>

After due consideration, Members felt that a project such as this should receive the backing of the Town Council and it was **AGREED**, therefore, to support the release of £9,947.89 of Haywards Heath-related s106 monies for 'Formal Sport' in the form of a Facility Grant to Haywards Heath Cricket Club for the replacement of its equipment store. The Committee did request, however, that release of the monies should be made conditional on the following:

- appropriate scrutiny of the application by MSDC;
- the Club being able to secure funding for the entire project – estimated at £12,000 – within a one year time limit;
- an enduring requirement to insure the equipment store.

**121. Items Agreed as Urgent by the Chairman**

There were none.

The meeting closed at 8:12pm.

The Town Council notes the submission of amended plans (received by Mid Sussex District Council (MSDC) on 16/12/2019) and a Heritage Statement (received by MSDC on 30/01/2020) and trusts that these will help to address the concerns raised by MSDC's Conservation Officer in her email to the Case Officer dated 20/11/2019. Other than that, the Town Council's previous representation submitted on 13/12/2019 still applies and is reiterated below:

'In common with the previous application for this site – DM/17/2195 refers – the Town Council concludes that, on balance, this application should be **supported**. However, in addition to reiterating the comments and observations that were submitted previously (see below), Members request that the granting of any permission for this latest proposal is also conditional on the following:

- a. the design of the houses should incorporate a scheme for solar panels (as unobtrusive as possible);

Reason: to accord with Policy DP39 of the MSDP 2014–2031;

- b. with reference to advice from West Sussex County Council Highways, electric vehicle charging points should be provided for both houses and ducting should be laid for the remaining parking spaces in order for them to be upgraded in the future. Covered and secure cycle storage should also be provided for both houses;

Reason: in the interests of sustainability and as a result of the Government's 'Road to Zero' strategy, and to accord with Policy DP39 of the MSDP 2014–2031;

**cont.**

- c. the development would benefit from a subtle, low intensity lighting scheme in the parking area and on the footpath that leads from the parking area to The Elms;

Reason: in the interests of resident safety, security and accessibility and to accord with Policy DP28 of the MSDP 2014–2031;

- d. the belt of trees on the northern side of the site must be afforded adequate protection by means of the submitted Tree Protection Plan and the advice of Mid Sussex District Council's Tree Officer.

**Comments/observations submitted re DM/17/2195**

Members of the Town Council's Planning Committee have decided that, on balance, this application should be **supported**. They have concluded that the proposals would replace what is a low grade building with two houses which could provide useful family accommodation. However, there does seem to be a lack of clarity with regard to a) the parking allocation for the two houses and b) how the revised configuration of the communal parking area will affect residents in Bennetts Rise, and residents from The Elms who have allotted spaces there.

In the event that permission is granted, the Town Council requests that the following conditions are imposed:

1. given the location of the site, within the Southdowns Park development and in a relatively densely populated residential area where there is high demand for residents' parking, a Construction Management Plan shall be submitted for approval by Mid Sussex District Council. The Plan shall provide details as appropriate and shall include arrangements to address the following matters which are of particular concern:
  - i. adequate provision on site to accommodate all plant and machinery and the parking of contractors' and visitors' vehicles;
  - ii. prohibit the parking of contractors' vehicles in existing residents' allocated parking spaces or in locations that restrict vehicular access – this is particularly relevant to Bennetts Rise;
  - iii. a commitment to make good, at the developer's expense, any damage to local infrastructure (e.g. roads and pavements), hard and soft landscaping (e.g. fencing, verges, green spaces) or residents' properties that is attributable to the development of the site;
2. in order to protect the amenity of local residents, works of construction (including the use of plant and machinery, and deliveries or collection of plant, equipment or materials) shall be limited to the following times:

Monday–Friday	08:00–18:00 hours;
Saturday	09:00–13:00 hours;
Sunday and Bank/Public Holidays	No work permitted.
3. no building shall take place within 15 metres of the belt of trees on the northern side of the site (bordering Colwell Road);
4. as an 'informative', the right of vehicular access to and from the proposed development via Southdowns Park should be formally agreed with the Southdowns Park Residents' Management Company.

***cont.***

**DM/19/3401 – The Lodge, Bennetts Rise (cont.)**

**Franklands**

Finally, the Town Council wishes to place on public record its concerns that the apparent piecemeal nature of applications in this locality appears to have allowed developers to circumvent the requirement to make Section 106 contributions or provide Affordable Housing. The undermining of these important facets of the development process is regrettable.'

**DM/19/4668 – 118 South Road**

**Heath**

Three storey rear extension to form storage and office space for the shop. Amended plans received 23.01.2020 showing proposed windows in rear extension.

The Town Council notes the submission of amended plans (received by Mid Sussex District Council on 23/01/2020) and has no comment to make.

**DM/20/0122 – Upper Flat, 71 Western Road**

**Bentswood**

First floor extensions over existing ground floor to the front of the building and infill of rear corner. Changes to fenestration. (Amended plans received 30.01.2020.)

The Town Council notes the submission of amended plans (received by Mid Sussex District Council on 30/01/2020) and has no comment to make.

**DM/20/0226 – Flat 6 Abigail House, 53–55 Hazelgrove Road**

**Heath**

Replacement of old wooden windows with new double glazed uPVC windows.

No comment.

**DM/20/0355 – Maytrees, Fox Hill**

**Franklands**

Demolition of single garage and erection of a detached triple garage with studio flat above (ancillary accommodation to main dwelling). Loft conversion with new dormers.

No comment.

**DM/20/0428 – 68 Ashenground Road**

**Ashenground**

Rear and side two storey extensions, new ancillary garage, single storey porch, internal alterations, external refurbishment and works.

Under Section 6. of the application form – Trees and Hedges – the applicants have stated that no trees or hedges need to be removed or pruned in order to carry out their proposal. The Town Council asks Mid Sussex District Council to seek an assurance that this will indeed be the case, particularly with regard to the siting and construction of the new garage. Notwithstanding this concern, the Town Council has no further comment to make.
